

Lesson Plan: Chapter 3 - Quest for the Discovery Diamond™

Learning Objectives:

- Students will explore the concept of a growth mindset.
- Students will discuss challenges as opportunities for growth.
- Students will engage in activities that promote perseverance and resilience.

Activities:

Growth Mindset:

- Discuss Tom's journey in the "Quest for the Growth Gem." How does he develop a growth mindset through challenges?
- Explore the concept that challenges are like hidden gems waiting to be discovered.

Challenges as Opportunities:

- Discuss Mia's transformation into a math wizard by facing challenges head-on. How can perseverance lead to success?
- Have students share personal experiences or examples of challenges they've overcome.

Growth Gem Stickers:

- Introduce the idea of celebrating achievements with "Growth Gem" stickers.
- Create a scavenger hunt or activity where students can earn their own "Growth Gem" stickers for overcoming challenges.
